

Mozzart Lucky Super 6 - is a type of bet, which is carried out through independent software, on which neither the organizer nor any third party can intervene, which randomly generates numbers. This type of virtual bet offers participants 48 numbers of which 35 numbers are randomly generated in a single round.

Standard Bet 6/35 (6/35 Bet)

Bet 6/35 (six out of thirty-five) offers 48 numbers (sorted from 1 to 48) from which 6 different numbers are chosen. During a round of electronic betting, 35 numbers are randomly generated from the 48 numbers. If 6 selected numbers are among these 35 numbers, the prize is equal to the stake multiplied by the coefficient indicated by the last number hit.

The clover symbols

If 6 chosen numbers are among 35 generated numbers and if any of the 6 drawn numbers is positioned on one of the 3 clover symbols, the coefficient of the last hit number of the drawn combination will be multiplied 2 times, 3 times and 4 times respectively, as follows:

- 1 hit clover symbol - the coefficient of the last number will be multiplied 2 times;
- 2 hit clover symbols - the coefficient of the last number will be multiplied 3 times;
- 3 hit clover symbols - the coefficient of the last number will be multiplied 4 times; The position of the symbols is the result of a random choice and cannot be predicted.

System bet

You can select more than 6 numbers from the range of 48 numbers, that is, the player can choose 7,8,9 and 10 numbers, so to form the previously defined system 6/7, 6/8, 6/9, 6/10. To win the prize, you must hit at least 6 numbers out of all the selected numbers. With the choice of the larger number, the number of combinations must also increase, as follows:

- for the 6/7 system, the number of possible combinations is 7;
- for the 6/8 system, the number of possible combinations is 28;
- for the 6/9 system, the number of possible combinations is 84;
- for the 6/10 system, the number of possible combinations is 210;

The bet on future rounds is an option that allows participants to have the same selection of numbers for a type of bet (Standard, Special, System) to participate in subsequent rounds (maximum 20 consecutive rounds). In this case, each bet must be dealt with separately.
